MEMORANDUM FOR THE RECORD

25X1A

SUBJECT: Concurrence in Amendment No. 2 to Contract No. NY-BA-1492
Faird-Atomic, Inc. Cambridge Mass. Project CHALICE (NAVY)
[redacted]

1. This memorandum contains a recommendation submitted for approval of the Special Assistant to the Director for Planning and Development. Such recommendation is set forth in Paragraph 5.

25X1A

2. Contract No. NY-BA-1492 covered the Navy requirement for a field service engineer to service and maintain the Navy [redacted]. This service was to be furnished on a PCS basis at Chincoteague, Virginia.

25X1A

3. The Navy now finds that the vehicle that the [redacted] is to be tested in will not be available at all times. It is more economical to the Govt. to pay the contractor for the engineer's services on a TDY basis rather than on a PCS basis if less than fifty percent of the Engineers time is spent at the test site.

4. This amendment therefore provides for a TDY as well as a PCS rate. No funds are required as a result of this amendment. The TDY rate was approved by the Air Force Auditor.

5. Approval of Amendment No. 2 to Contract No. NY-BA-1492 and execution thereof on behalf of the Agency by the authorized Contracting Officer is recommended.
